Subject: Suspended access to the Global Coordinator activated email

Date: Saturday, April 19, 2025 4:31 PM

Greetings Nevada,

Global in is receipt of an email that suggests there is not amicability among The Nevada Assembly, calling into question the viability of the Global created Coordinator email.

Information that has been provided suggests alarming issues with the conduct of Coordinator for 'The Nevada Assembly'.

Global is reaching out to Anna regarding this situation for it to be addressed by The Federation.

Without clarity in this situation, Global will suspend communications within the activated clear channel until we have verified the situation and as to whom will have access.

--

Thank you with love, humility, and gratitude,
The Global Family Team
