Rockie talked about the LRO and how many people are not set up right or were not moved from the LRS to the LRO. There were changes to the LRO where everyone needed to add their passport photo, autograph, and seal to their LRO account. This was needed for the new cardinal card to be compliant for the de-facto government to use them. Please log into your LRO account and verify your information. You can log into your LRO account by going to this URL <https://members.americanstatenationals.us/>. If you did not create an LRO account, then you need to go to the URL above and create one. After you have created an account, you need to contact a recording secretary to add your documents to your account. After the recording secretary has added your documents then you need to verify all the information on your account, and you need to check the verified box so the federation knows the information is correct and they can issue you a card when you have verified the information and ordered a new card. If you do not do this, they will not create a new card for you. If you have any questions on this process, please email outreach@thenevadaassemblygov.land to help you with this process.

If you are not verified, you cannot become an ASC to hold a position in the Assembly. PLEASE get this done so you are protected from the de-facto too.
