ONE proposal to address one major challenge the Assemblies are facing:

Oversight Idea:

Assembly of 13 Sovereigns – a Committee of American State Nationals who don’t hold any office in our Government at all. They are in their sovereign capacities. They are tasked with reviewing the conduct of our public officials and Assembly committees’ to hold them accountable to self-governance and the prudent man standard.

Each County would have to adopt this authority as part of their government structure and write into their Handbook.
