The Clark County Nevada Values Proclamation

We, the members of The Clark County Nevada Assembly, consist of willing and able volunteers, who donate our resources when able proclaim our values as Prudent Men and Women.

As self-governing men and women, conducting ourselves with honor, respect, integrity, peace, and love, we keep the Peace and uphold the Public Law. The Golden Rule guides our creation of thought, word as our bond, and deed as our bond respecting Living Men and Women in the same manner as we would like to be treated ourselves. Each one of us has rebutted in written form any corporate presumptions of who we are. Our documentation includes an autographed name and seal. We continually study the paperwork process, the process of Assembling, the plan for reconstructing our lawful government, our role as Assembly members, and the role of the Federation, The United States of America, unincorporated.

In support of The Assembly, and to do our best to provide our ideas, skills, and talents and present them with a sense of honor and diplomacy. We present our ideas in a variety of methods and channels organically free flowing to highly developed through meetings, reflection, and/or committees, and then by bringing these ideas to The Assembly in a variety of ways can build and restore Self Governing instruments. The County Committee Structure organizes themselves as a consensual body publicly, and non-publicly, meeting to opt in and connect with, as needed.

All People by ongoing consensus are ever present on every Committee through a self-directed free speech opt in process on meetings so long as they are an active standing member (remaining on The Land through Declaration of Naturalization Act of July 1779 and in LRO), but may, or may not be involved, with every project and aspect of the work produced. The Open Project Committee Free Speech Platform is the repository for documents and contains an open contribution jurisdictional library evolving daily to deploy targeted educational materials pertinent to the overall work and Committee Members may observe, overview, and contribute via identified work product to any Committee Process 365/24/7 for all active members. The Peacekeeping Task Force government restoration advancements are a welcomed, valued asset to provide Constitutional Enforcement in support of The Assembly.

We are honest, truthful, peaceful Americans, who continue the efforts started by the volunteers that came before us. We continually educate and improve ourselves, better enabling us to help others to do the same. We refer to ourselves as Americans on the Land & Soil Jurisdiction and are status claimed is American State Nationals, or American State Citizens.

*We are the **only** Lawful Government*
