**Point of clarity:** For the few taxpayers among the ASN, if you receive a \$5000 payout check or any government dole checks, you are encouraged to write above your endorsement the following: *Accepted for value and towards what I am owed* . Please be advised that I had written in the model report vol 3 this week ASN cannot take these payments. Well this is true, and untrue. If you are ASN you should not have to pay a tax, because a payment puts you right back into contract with foreign governments. This may nullify your ASN status in making claims future exempt from levy or damaging your political status. But perhaps you know someone who is still not status corrected, that limiting endorsement above their signature will definitely help them. Sorry for any confusion.

## Outreach

A Land Commerce Initiative as a recruitment tool for new business and this is just a draft of the mission, but we need some people that really want to get going on a fabulous new project to promote government services provision and private business. This is a quick way to start getting AFD out into the community and developing concurrent business streams with FRNS still flowing but also get AFD going. (Attched)
