How does a functional International Business Assembly operate?

- The International Business Assembly drafts up service provider agreements, contracts, constitutions, or debt agreements – all the same thing but of a different flavor.
- For what statewide services are providers needed? Militia services, Jural services, and International Business services.
- Develop an effective process for gathering the input from your County Assemblies to identify and compile the priority, international service needs there are for your State.

How does a functional General Assembly operate?

- Publish an annual Calendar of public meetings for public view.
- Hear reports of Sub-Committees.
- Hold elections.
- Bring the Assembly in and out of session.
- Vote on the expenditures of all four pillars.
- Provide Ombudsman service to resolve conflict among Committeepersons to facilitate the timely handling of government business.

- Qualify the type of service providers your State will contract with, develop a strategy for locating these qualified service providers and catalog them in a database according to service areas, location, and jurisdiction.
- Draft up lawful (land) and legal (sea) contract templates that could be executed appropriately given the type of service and jurisdiction of the service provider.
- How many Assemblypersons are needed to fill the Committees of this pillar? 0 for publicly elected offices and a minimum of 3 per 3 Committees totaling 9

Did you know?

- Did you know that our Fiduciary hired Trump as Commander-in-Chief, for better or for worse?
- This is one reason why he could not relinquish his post after “losing” the 2020 election.
- He is your Employee. Our International State Assemblies should be communicating with him to direct him to send down Orders to his Governors, Solicitor General, Department of Justice and Department State to “capitulate.” He knows exactly what that means.
