

Assembly Election & Appointment Nomination Acceptance

Drafted January 22 and adopted February 23, 2025

f We, the People of The Clark County Nevada Assembly freehold ourselves as Living Men and Women on the Land and Soil secure in our unalienable rights, declares necessity to fill vacant offices for the office of _____ according to the protocol outlined herein.

ASN and ASC recognize every appointment or nomination considers The Assembly covets the Prudent Man Rule. While we are a fast expanding body, the Prudent Man Rule governs our actions: Elections and Appointments(90Day) can be held and/or vetting recommended, or fulfilled, and approved to nominate, or recognize(self-nomination), a candidate or nominating party for any vacant position can announce an appointment with, by or to TCCA or at any noticed public meeting in person or online with the Chairman Pro Tem, a Coordinator (State, County, Acting) and/ or a Recording Secretary plus 2 other people for a total of 3 people minimum with knowledge of the role or the responsibility. This is forming a Committee of The Whole in the case of extenuating circumstance and/or by consensus.

The parties agree a properly trained, armed, and organized ---or as the Founders put it, "well-regulated militia"—described as the adult General Populace of each State, is a profound blessing to the cause of Constitutional Enforcement and American Common Law justice upheld by us, the People, and that includes the process of appointments/elections by The Clark County Assembly.

Should the 90 Day Appointment be upheld and result in a favorable election by the body politic, the election results reported on the day of the Electors vote will serve as the start, or end, of the term appointment. Favorable election results in term of days remaining in the month plus one year, so the next election can be scheduled in the normal pace of the business meeting Assembly. Should the 90 Day Appointment be revoked, abandoned, or otherwise terminated, with or without cause, a new or continuing 90 Day Appointment can be granted until The Assembly is able to vote, or appoint, with a quorum with notice of election/appointment.

This request for acceptance of the appointment/election and it's results enhances our right to enforce the Constitutions and the Public Law, we have the duty to do so, and will honor the pledge to do so.
