## Dear Anna,

The Oversight committee has reviewed numerous documents and recordings (official and unofficial) regarding the apparent controversy between (Sue Hulsebus State of the Union Coordinator and those aligned with her within the Nevada State of the Union assembly) and Rockie Roper our Union State/Clark County Coordinator along with a various number of Clark County Assembly members both from the historical past to the present time.

**Conclusion:** After a thorough review of the many and sundry communications, the Oversight Committee could find no harms requiring “Remedy” on the part of Rockie Roper. However the same cannot be said for Sue Hulsebus and those so pro-actively aligned with Sue. The Oversight Committee makes the following findings based almost entirely on Sue Hulsebus’s own communications supported by subsequent communications (in writing) by those that support Sues opinion/perspectives and unsubstantiated Judgements/accusations.

**We find:** (1.) Sue and those aligned have been and continue to be excessively disruptive to the cause of standing up of Clark County and Nevada. (2.) By such deliberate actions many new ASN’s and even some longstanding ASN’s have stepped back or stopped participating in the assembly and committees. (3.) Some people have incurred real harm to their health by the introduction of strife within our ranks. (4.) A change is warranted and some form of discipline/correction is needed immediately. (5.) We find that this activity on the part of and those so aligned with her, committed these actions/activities purposefully and therefore intentional. Moreover, these activities act, smell and taste like the very definition of infiltration of our Nevada Assembly.

More could be said on the endless details however we find that to pursue them at this level is to “add fuel to the fire”. Therefore, the Oversight Committee refrains from further comment.

Anna, we need for you as the true authority over the coordinators to take corrective action as you see fit regarding these matters.

Sincerely,

**Carlos Jose Guzman**

Oversight Committee

Clark County, Nevada
